

MUSC Health Ambulatory Care wants to ensure the health and well-being of our patients, their families and our health care team. Face masks are provided and required to be worn by all patients and approved visitors while inside our clinics.

Should a patient or visitor elect to wear their own mask, it must meet the minimum requirements below:

- Have 2 layers of material
- Fully cover the mouth and nose
- Fit around the sides of the face

The following are **NOT** considered appropriate masks:

- Bandanas with open bottoms
- Neck-gaiter style face coverings
- Masks with mesh, holes, or ventilation ports

For those unable or unwilling to wear a mask, we ask that you complete a MUSC Health Virtual Care visit using the link or code below. We thank you for your understanding and apologize for any inconvenience.
