What is *Handle With Care*?

Handle With Care is a notification system that partners law enforcement and other first responders with school systems and school and community-based mental health services to inform when a child has been exposed to a traumatic event in order to place them within a system of care to mitigate the effects of trauma.

Key Stakeholders

- School and District personnel
- County/State/Local Law Enforcement
- Community Mental Health Service Providers
- Child Care Services
- Other Community Partners (Community-based organizations; Fire Department; Emergency Management Services, Etc.)
